## Children's Fertilizer.

That's a good name for Scott's Emulsion. Children are like young plants. Some will grow in ordinary soil. Others need fertilizers.

The nature of some children prevents them from thriving on ordinary food. Such children grow right if treated right.

All they need is a little fertilizer—a little extra richness. Scott's Emulsion is the right treatment.

Fertilizers make things grow. That's just what Scott's Emulsion does. It makes children grow in flesh, grow in strength, grow rich blood, grow in mind, grow happy. That's what we make it for.

Deafness Cannot be Cured

By local applications, as they cannot be reached the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars free.

## The Cape County Fair.

The directors of the Cape fair are to be congratulated for their management of every department. The arrangement, except in a few instances, met the approbation of all who attended.

The rain last Saturday was a great disappointment to the managers of the fair and to hundreds of people who wanted to attend, but it was a gracious thing for the farmers and persons who needed water.

Everybody agrees that if the fair authorities will have gambling devices they should place them on the vacant ground away from the front entrances and outside of the passage where everybody passes. Then those who want to gamble can go after it, and those who do not want to engage or see such things will not be forced to almost stumble over them. With this improvement the Cape fair will be the best in southeast Missouri.

Notice.

On October 5, I moved my shop from Tallent's barber shop to my residence, two houses south of Henry Wagner's blacksmith shop. A sign, the property of Mr. Tallent, still hanging at his place of business, is deceiving people who take work there to be done by me, but in fact is being bungled by a barber or expressed to the city and back, either hurting my reputation as a tailor, or putting the customer to unnecessary expense. I hereby notify the people that I will not be responsible for anything taken there. CHAS. M. WALTERS.

That Mule Found.

Mr. Brown found the mule between Smith's house and White-water, and has it now at his residence near Cornwall, Mo. Mr. Smith can find the mule here, as Mr. Brown assures him it will not be removed till he has an opportunity to see it and prove it his mule.

One year ago this month Columbus Smith, of Burfordville, employed our old friend, Wm. Travis, to search for a black mare and a yearling mule, which he claimed were stolen. Mr. Travis had us run an ad. for several weeks, and when he got his pay we were to get ours. Now, if Smith got his mule, Mr. Travis claims his pay.

Notice.

I have opened a tailor shop in connection with my barber shop. I have employed a strictly first-class tailor from St. Louis. I am also prepared to do cleaning, dyeing and all kinds of repairing in first-class style and on short notice. Thanking you in advance for all orders you may give me, I remain, yours for barbering and tailoring. GEO. TALLENT.

Willie Wessel, Louis Schmidt and Alvin Meier started a bachelor club last week. While going home one night they were greatly surprised to find a shutter open, and on investigating the house Will became greatly excited by what he thought was a burglar in one of the rooms. He started after it with a 44-caliber revolver, but soon discovered it to be only mere curtain poles. Alvin was looking under the beds with a 38-caliber revolver in his hand and Louis was his body-guard with a lamp in one hand and a large club in the other. They could find nothing, however, and retired to their rooms, where they barricaded the doors with chairs, and spent a sleepless night. They were found next the morning by Gus Goyert, who gave out this story, otherwise it would never have gotten out. The boys ought to have a champion.

J. F. Oliver took first premium on his fine stallion, both as a roadster and as a saddle, at the Cape fair. On Friday he was offered \$8 for his chance for sweepstakes on Saturday.

Henry Behrens has moved his grocery store one door east and now occupies the large portion of the McGuire building. G. C. Hasslinger will occupy the room where Mr. Behrens vacated.

Rev. Worsnop will preach at the old McKindree church Sunday, October 27—in the morning at 11, and afternoon at 2:30. Dinner will be served on the ground. If the weather is unfavorable the services will be postponed to some later date. Everybody cordially invited.

Fritz Kaiser, of Point Pleasant, attended the fair at the Cape last week. The old gentleman while there got on a big spree, and being old and feeble, when the reaction set in, he died. Mr. Kaiser for over forty years lived on a farm near Appleton. About a year ago he sold out in this county and moved to Pemiscot county. He was the father of Louie Kaiser of this county and Ed. Kaiser of Bollinger county. His remains were brought through Jackson yesterday and were taken to Apple Creek township for interment. Aged 60 years.
